Parent Guidance for a safe opening on 1st June

It is essential that all parents sending their children back to school on June 1st abide by the social distancing measures as set out in the government guidance. This is for both the protection of pupils and staff, who will be using the premises. All families sending their children into school need to respect this.

As suggested in the government guidance for schools, we have drawn up this parental guidance for **your child's safety** and politely request that you observe the following steps:

- Parents should not congregate at school entrances/exits.
- Social distancing measures (2 metres) should be observed at drop off and collection time.
- There will be strict drop off and collection times for pupils in each group to minimise contact and mixing - these **MUST** be followed (see page 2)
- If a child forgets anything such as their lunch box, parents should not return to school without calling the office first.
- **Brothers and sisters MUST be dropped off together at the time of the youngest child.**
- No parents/carers are allowed into the school without making a prior appointment - a telephone conversation will be the best option initially.
- Any liaison with teachers/staff needs to be done via email to the office and parents should not approach staff members at school drop off or collection times.
- Parents must remain contactable at all times so that, if their child develops symptoms of COVID-19, they can be collected as soon as possible in order to seek medical attention and to reduce the risk to other pupils and staff.
- Parents should follow the flow chart of actions if their child presents with any symptoms of Corona virus (persistent cough or high temperature over 37.8 degrees).
- Children do not have to wear school uniform as they should attend in freshly washed clothes each day and to avoid the need for any close support in getting changed for PE. Clothing should be appropriate for the weather and for sporting activities. For the younger children, it is essential that the clothing they are wearing is easy for them to manage (for example, going to the toilet independently) and please no laces unless in key stage two.
- For the youngest children, we understand school routine may be unsettling and we will need your support if they are reluctant to come into school. Staff should not be making any physical contact wherever possible to encourage them to come in.
- Where possible, children can bring in and use their own stationery to reduce the need/chance of children sharing resources. We can provide resources for children if this is not possible.
- We will be spending more time outdoors than usual. In the case of hot weather, sun cream needs to be applied before coming into school and children should bring a hat.

-School is open to the following year groups: Nursery, Reception, Year 1 and Year 6 plus keyworkers.

- Wednesday - school will be closed in the afternoon to everyone for cleaning (see above closure times for each group).

- Teachers will supervise the eating of dinner in classrooms and then dinner ladies will take children outside so children and teachers have a lunch break.

-It is essential that this timetable is followed by children, staff and parents to ensure our school is a safe place to be. Safety is our number 1 priority for everyone.
